

Fast Electromagnetic Analysis Suite (FEMAS)

Multi-Functional!

✓ End-to-End Link Path Analysis

- S-parameter file concatenation
- Time Domain analysis
- Frequency Domain analysis
- Transmit/Receive Equalization

✓ Causality/Passivity Checking/enforcement

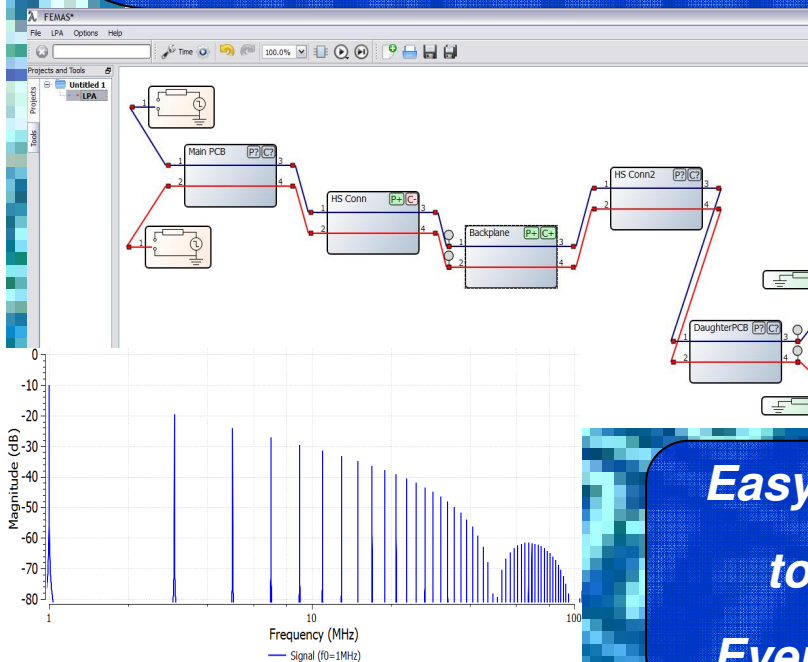

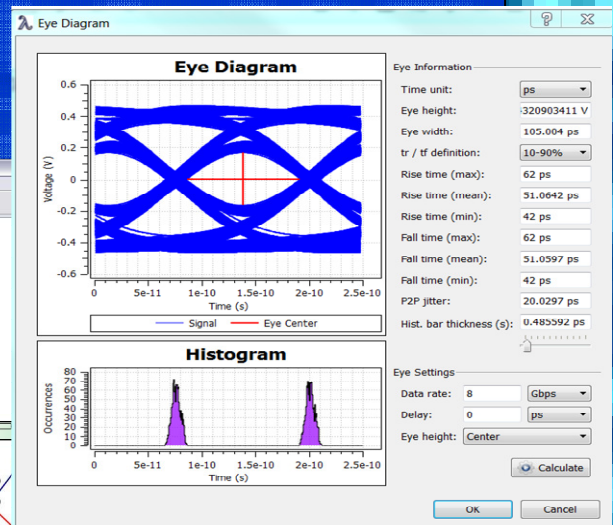

✓ 2D Cross Section Analysis for multi-conductors

✓ S-parameter and waveform plotting

✓ Network parameter conversion

✓ De-Embedding

✓ Signal Analysis

Easy-to-Use Signal Integrity tools that should be in Every engineer's Tool Box!
